Next Board/Club Meeting

Thursday, March 26th
Franklin-Springboro Library
6:15PM

A New Flying Season Awaits

These strange days of 80-degree weather tease us flyers with hopes of a good spring flying season. We'll soon begin our mowing schedule. The mowing schedule is attached and begins the first week in April. **As a courtesy to all flyers, please be proactive in letting the membership know your weekly day/time that you and your partner will be mowing.** Please also adhere to the mowing height chart that is in the storage container.

As you all know, the Club and field are supported by the members. There are fifteen (15) members that have yet to renew and pay dues and several expired AMA memberships. Please make these a priority and bring your dues to the meeting this month or mail it to the Club's address: WORKS Flying Club, PO Box 643, Miamisburg, Ohio 45343-0643. If you are not renewing, please let us know so we can adjust the AMA roster.

We'll be meeting again soon to finalize our new Training Program. We'll have a sample of the new Training Logbook at the meeting.

Our lease for the field has been extended until December 31, 2026. The Hummel family is agreeable to an extended years lease and will discuss the terms when Dick's estate is settled.

We welcomed a new member at last month's meeting. TJ Anderson, Tim's brother, joined the club and will be training with Tim. Be sure to welcome him at the field.

Presidential Notes

Hello all, March has been a busy month for me as far as swap meets goes. I wanted to thank personally Al Asbury, Doug Miller and Greg Sparks for their help in loading in and setup for the Dayton Modelrama this year. It was a very busy weekend, and Melissa and I could not have pulled it off without your help. Coming up is the Toledo show and the LARKS show in Lancaster. Then if the weather cooperates, we can get some birds in the air. The field looks nice and we should encourage more use of it this year for all activities related to our hobby. A discussion will need to be had before we install a field cam about how much we are willing to spend per month to have it up and running. I am hoping Mark Johnson will take point on this as the camera I think we would like to use he is already familiar with. See you all at the meeting. Tom

That's all for now, see you at the meeting, I'll be there by 6PM to open the doors. Kim
