Next Board/Club Meeting

Tuesday, May 30th

6PM WORKS/Hummel Field

Our season is off to a great start. The recent stretch of great weather has allowed much flying and the field has been busy.

We welcomed two new member this month and will vote in Brendan Fry and Bob Palmer at our meeting next week. Brendan, while only 19 years old is a seasoned pilot and has been involved in several club events since applying. Bob Palmer indicates he's new to the sport and is interested in training. We'll welcome both to the WORKS Club this month.

Mowers have been working hard to keep the field looking great. Many thanks to all those that alert the membership about your date/time of mowing. Let me know if I can help broadcast a message.

On May 9th, the club hosted the Jewish Center of Oakwood and it was a tremendous success. Eight five members and children enjoyed with field with a BBQ dinner, flying demonstrations and some beautiful weather. The Club's support was great, 15 members kept planes in the air, lines waiting to use two simulators and a bigger line waiting to use Bob Christophers buddy box. This event was perfect to show our club's commitment to the community and I hope we have the chance to do it again. Many thanks to all our club members for flying, helping and supporting the cause. See some pictures below.

The Spring in the Air event happened this week and we'll be anxious to hear details from its participants. Dawn Patrol is in two weeks so mark your calendar.

Bob Christopher continues training Tuesdays and looks like he has a few flyers to work with. Contact Bob to schedule training.

I had a chance to talk with Dick Hummel last week and get an update about his health. Walking is still a major challenge for him but he is receiving therapy two days a week and does have help at other times. I plan to visit him soon. I hear he attended our Fun Fly this week and I'm sorry I missed him. Please keep him in your prayers.

The FAA is reviewing our FRIA application so we'll hope something happens soon. We will still be bound to the 700' maximum height but will not be required to have electronic ID's. The Club encourages all to take the TRUST test to obtain an FAA certificate.

Our next meeting is on **Tuesday, May 30th, 6PM at the WORKS/Hummel Field**. See you then. Kim
